1968 LAW SCHOOL FUND EIGHTH ANNUAL REPORT

LAW QUADRANGLE NOTES

THE UNIVERSITY OF MICHIGAN OFFICIAL PUBLICATION

MORGAN, LEWIS & BOCKIUS

COUNSELORS AT LAW
123 SOUTH BROAD STREET
PHILADELPHIA, PENNSYLVANIA 19109

Dean Francis A. Allen
University of Michigan Law School
Hutchins Hall
Ann Arbor Michigan 48104

Dear Dean Allen:

The generous support of alumni and friends of the University of Michigan Law School has again enabled the Law School Fund to attain new heights—3,760 gifts totalling \$233,339.31. This represents 302 additional donors over 1967, and an increase of slightly more than ten per cent over the amount of money raised last year in a comparable twelve-month period, and 3.5 per cent over the total for the extended thirteen months for the 1967 campaign.

During the eight years of existence of the Law School Fund we have raised in excess of \$1,188,000. This substantial sum has enabled the Law School to accomplish some of the "extras of excellence" with respect to the operations of the Law School which would not have been otherwise possible.

I cannot single out any one person or any one State or Region which has contributed to this success more than the others—in the truest sense it has been a team effort. As in past years, the credit and thanks for this success goes to the entire team, 386 Regional and Local Chairmen, solicitors and class agents, who helped organize the campaign and raise the money.

In these days of continuing and increasing pressures upon educational institutions, the National Committee recognizes the demand for new and imaginative ways to meet the needs of our Law School and of its student body. We look to you, our Dean, and to the members of the faculty to provide the leadership which will be required in the coming year in administering in a meaningful way the funds which we have raised in order to meet the challenges with which the Law School is faced.

Having served as National Chairman in 1967 and 1968, it is now my pleasant task to turn over the job to John S. Tennant, who brings to this position a quality of distinguished leadership which will enable the Law School Fund to achieve even greater heights. I know that those alumni who have been members of the 1967 and 1968 teams will give to Jack Tennant the same dedicated and effective help which they have given to me in the past two years.

It has been my personal privilege and pleasure to have served the University of Michigan Law School Fund as its National Chairman.

Cordially yours,

Benjamin M. Quigg, Jr.

Mr. Benjamin M. Quigg, Jr.
Morgan, Lewis & Bockius
123 South Broad Street
Philadelphia, Pennsylvania 19109

Dear Ben:

The splendid record made by the Law School Fund in the year just ended is a source of great satisfaction to me and to all who are aware of the important role that the University of Michigan Law School is called upon to play in these critical times. My thanks go, first, to you for two years of devoted and exemplary leadership of the Fund. The impetus obtained in the years preceding your tenure as National Chairman was maintained and accelerated; and you leave our program of annual giving stronger and more secure than ever before.

I am also grateful to the other members of the National Committee, those who directed campaigns throughout the country, class agents, those who solicited contributions, and to all others who contributed in a multitude of ways to the success of our effort. A more effective and devoted group would be hard to find. Finally, I wish to express my appreciation and that of the entire faculty and staff of the School to all who made financial contributions, and whose generous support resulted in another record year.

A great deal has been said in recent years about the importance of private support of educational institutions. We have entered an era in which all colleges and universities, whether denominated "public" or "private," are facing acute fiscal problems. These difficulties stem from a variety of sources. Higher education, including legal education, is more expensive, in part because it undertakes a much more complex program than formerly. In so doing, it simply reflects the increasing complexity of the larger world of which it is a part and to which it must make response. But there are other causes. The same inflationary factors which figure so largely in the operations of businesses, law firms, and governmental agencies, afflict the law schools and require increasing resources simply to avoid losing ground—and this at a time when advancing and improving the quality of training is of the greatest importance. One highly relevant example is provided by the necessity of increasing budgets for the financial

Benjamin M. Quigg, Jr.

Francis A. Allen

assistance of needy and worthy students, in the face of sharp upward movements of tuition charges in both private and state universities throughout the country.

The Law School Fund has made and continues to make indispensable contributions to the maintenance of the quality of Michigan's academic program. It permits us to accomplish many of those things upon which our distinction depends, and it provides us with a measure of security from the vagaries of public financial support of the University. The very success of the Law School Fund since its founding in 1961 demonstrates that the importance of private support of the School is clearly understood by the alumni and friends of the School. This importance grows greater year by year.

We at the School are grateful for the support of the Law School Fund, not only because of the financial resources it makes available to us. We view it as a resounding vote of confidence in the institution and a tangible demonstration that the School has made important contributions to the lives and professional careers of thousands of alumni. The administration and faculty are pledged to earn that continuing confidence, as we perform the complicated tasks of educating a generation of students, many of whom will be performing professional services well into the Twenty-First Century. This is a strenuous and challenging enterprise, and we regard the assistance of all who participate in the Law School Fund as vital to its success.

Again, our warmest thanks to you and to all who contributed in any way to the 1968 campaign of the Law School Fund.

Sincerely,

A handwritten signature in cursive script that reads "Francis A. Allen".

Francis A. Allen
Dean

The cover picture, featuring the Law Quadrangle, was photographed by photographer Dale Fisher in October, 1968. If you would like a 16" x 20" full-color print suitable for framing for your office or den, we can obtain it for you. The price will be \$35.00. The picture will be on heavy paper, and then plastic coated. All handling costs are included. Make your check payable to the University of Michigan, and send it to the Law School Fund office. We will do the rest.

READING Between the Sheets

Since most of you will have neither the time nor the inclination to make a detailed analysis of the lists and statistics that are carefully noted on the following pages, we shall try to point out some of the noteworthy conclusions. We have also made a few comparisons that are not available without access to facts and figures from previous years.

1968 Campaign a Success

No matter how you test it, 1968 was a record year—more dollars and more contributors! The total dollars were \$233,339.31 from 3537 donors. Since the previous campaign covered thirteen months (because of our change in accounting periods), comparisons are a little hard to make. The plain happy fact is that more of YOU contributed more money in the twelve months of the 1968 campaign than during the entire thirteen months' campaign of 1967. The easiest way to see the growth on a comparative basis is to look at the graph in this report. It shows an increase in 1968 (twelve months) of 3.5 per cent against even the thirteen-month total for 1967. Perhaps a better comparison to show the real zest of the 1968 campaign would be with the twelve-month figures shown in the graph as a part of the presentation for 1967. On this basis 1968 jumped 10.7 per cent. Wow! ! ! Whichever figure you use, we are appreciative of your generosity, and you may be proud of your accomplishment.

There were slightly less "gifts" (not the same as the number of donors) in 1968 (twelve months) than the thirteen-month total in 1967, but again, if you look at the twelve-month figures in 1967 there was a substantial increase of 8.8 per cent.

The Alumni who Donate to the Fund

We think the surest way to measure the success of an annual giving program for alumni, such as the Law School Fund, is to see how many, and what percentage of the alumni are actually taking part. Growth in this respect has obvious relevance to the health of the Fund, but it is also indicative of the enthusiasm of the alumni for the School in other important ways. Happily, in the last three campaigns (we won't confuse you with ancient history) the number of alumni donors has moved from 2837 (1966) to 3121 (1967) and to a new high of 3332 in 1968. This is fine! Keep it going that way!

It is harder to report with confidence on the *percentage* of participation because it is almost impossible to KNOW how many alumni we have at any one time. As we have told you before, you are part of an extremely mobile group—nearly 25 per cent of you will move your offices each year. We sometimes feel that we are the last to know when you change your address.

Unless we get the word, you may be "lost" for a period of time. And, of course, to whatever figures we use as a base, we know there will be deletions and additions during the course of the year because of deaths and new graduates.

In spite of the steadily growing number of donors, the increase in the *percentage* is not as spectacular as it might appear, because the hard-working office staff has by diligent and imaginative detective work increased our total of "good" addresses from 8700 in 1966 to 9568 in 1968. Even with this expanding base, the figures have inched forward—32.6%, 34.7% and finally 34.8% in 1968.

What is the ULTIMATE goal of the National Committee? It is to have EACH alumnus make SOME contribution to the Fund. Yes, sir, 100%! This may be a *little* more than we can realistically expect (we are not sure why that should be so), but other schools with similar programs have reached 50% and 60%. The Michigan Law School alumni can and should do as well.

Where the Action Is

A very substantial portion of the action is in the classes from 1958 through 1967. The record of these recent classes is quite remarkable. We told you earlier that 211 more alumni donated to the Fund in 1968 than 1967. Of this increase, *nearly* 82% (172) were in this group. The class summary shows that in seven of these ten classes, more than 40% of the class were "participating partners" in 1968, compared to the general average of 34.8%. This group is not static, nor is the growth concentrated in just a few spots. Actually, there was an increased number of donors in nine of the ten classes. The composite percentage of participation for these classes a year ago (in 1967) was 34.4%, a fraction below the general average. In 1968 this composite percentage figure jumped to 39.8%—five full percentage points above the general figure! The increase in dollars is equally exciting. Eight of these ten classes contributed more dollars in 1968 than in 1967, and the net increase for the group was better than \$9,600.

We're happy and proud to recognize these accomplishments, and we congratulate the members of these classes, and their class agents, whose names are shown in the Class Summary. If these young alumni can do it, what about the rest of us?

In our enthusiasm for the foregoing, we do not want to overlook some other noteworthy facts and figures. The Class of 1948 met the challenge, and not only held its own with respect to the total number of contributors, but moved from third to second in that category, trailing only 1963, which held the top spot for the second year in a row. The class of 1926, with Professor Emeritus S. C. "Oppie" Oppenheim making his maiden effort as Class Agent, moved to the number one position in two respects—total contributions from a single class, and the highest average contribution. Pretty good for a beginner. It's not surprising that the

WHY NOT

Jon L. Brown, of San Francisco, suggests that if each **contributing alumnus** would write a letter or telephone to one classmate or friend who has not made a gift to the Fund, we might obtain contributions from some hitherto **non-contributing alumni**.

It sound easy, and it might work. Do it NOW, before you forget. Since the enclosed list contains only slightly more than one-third of the alumni, you have a wide target to shoot at.

IN MEMORIAM

During the 1968 Law School Fund year, gifts were received by
the Law School Fund in memory of the following alumni:

1861
Isaac Marston
1874
Clarence M. Burton
1880
Frank H. Shaffer
1892
Arthur Webster
1896
Harry Doerr
Charles McCaughan
1899
Eugene C. Worden
1900
Maurice Weigle
1904
Emory J. Hyde
Frederick L. Leckie
To all deceased
members
1907
Ralph W. Aigler
To all deceased

CORPORATE MATCHING GIFT PROGRAM

Do you work for a company that has a matching gift program? If you do, your gift to the Law School Fund can be matched dollar for dollar by your company. All you need to do is obtain a matching gift form

from your employer, fill it out and send it to us with your donation to the Law School Fund. It will be processed here, returned to your company, and your gift will become doubly valuable.

 Percentage Figures Indicate Increase in Dollars From The Previous Year

*Due to change in accounting systems, the principal columns illustrated under 1967 represent thirteen months of receipts. To provide a more accurate comparison with the previous 12-month receipt years, the dotted lines adjacent to the 1967 columns show the collections during the twelve months of 1967: \$210,774.55, 3,458 gifts, 22.6% increase.

class with the largest percentage of participants is one of the more recent ones, but it's worth pointing out that the Class of 1959 won this race by moving from fairly well back in the pack with 38% a year ago to a very healthy 46% this year. Thanks, Ned Heppenstall. Two not-so-recent classes—1934 and 1943—each had 42% active participants to tie for fourth and fifth in this important classification.

After a one-year relapse, Alaska came back with a 100% performance again this year. A year ago we left you in suspense (we're sure) with the question whether New Hampshire would add one more gift this year, and join Alaska as a 100% state. It didn't. But there is another strong challenger. South Carolina missed by only one, and Phil Wittenberg says it's a cinch (he hopes) in 1969.

On a regional basis, the Fund also appears healthy. Although comparisons are difficult because of large differences in size, total population and density, it is a pleasure to report that contributions increased in ten of the fourteen regions. A few areas (sometimes a single city or county, sometimes an entire region) that had impressive gains over the previous year are: *Delaware* (John Stull) and *Alabama* (John Morrow), each state more than doubled the number of donors, and nearly doubled the total contributions; *New York City* (Mervyn Gerson), *Region V* (Indiana, Mentor Kraus), and *Nebraska* (Howard Moldenhauer), with substantially the same number of gifts as in 1967, increased the total contributions 25.6%, 32% and 27% respectively; and *Minnesota* (Joseph B. Johnson) and *Denver, Colorado* (David Ebel) where spectacular gains were made both in the number of gifts and the total contributions—Minnesota, plus 25% donors, and plus 205% dollars; Denver, plus 32% donors, and plus 310% dollars. Kent Vana led a resurgence in Kent County, Michigan (Grand Rapids) not only back to, but beyond the previous marks in the County with a jump of 39% more donors and 53.5% more dollars than a year ago. Two other areas that jumped significantly because of one or two new large gifts were *Region IV* (Ohio, Richard Baker), and *San Diego, California* (Richard Singer and Peter Eppinga).

We do not intend to suggest that improvement such

as we have described is automatic and easy—rather the opposite. We *do intend to suggest* that where there is the will (and a little imagination) there is a way. Won't you help prove this as 1969 moves into high gear?

\$55 Million Program

A substantial number of law alumni made payments during 1968 on pledges made to the University during the \$55 Million capital gifts campaign. In previous years we have carried the names of those alumni who had designated their gifts through the \$55 Million Program for some Law School purpose in a separate list in this report. This year we have only a single list, and all donors, either through the Fund or through \$55 Million for some Law School purpose, are named there. This is as it should be, since gifts through either source are prompted by similar motives. However, since this report is historically a report of the success, health and welfare of the Law School Fund for the past campaign, the dollars received through the \$55 Million gifts have not been added to the totals shown here.

Non-Alumni Gifts

In 1968 the Fund received gifts totaling \$75,439.16 from 205 non-alumni. Many are sent as memorial gifts (see details in another part of the report), and a substantial number are from companies with "matching gift" programs. A few other very substantial gifts come through charitable foundations and trusts where our alumni have a role in advising the directors or trustees, and from time to time we receive a gift from an alumnus' individual client who wishes to make a charitable contribution, and on advice of the alumnus, considers the Law School Fund a worthy recipient. Perhaps you, too, represent a foundation, a trust or other client that would appreciate knowing more about the Law School Fund.

Pictures

We thought you would appreciate seeing some of your hard-working National Committee. Pictures of some, but unfortunately not all, are scattered throughout the report.
